# The Summer Session

## June 2011

*For New and Continuing Students.  
Times assigned first come first served.  
Please fill out this form to reserve your spot.*

**Flexible for Busy Families.** The Summer Session at the studio is meant to be flexible and fit in with most family's vacation schedules. You only need to sign up for three of the four lessons offered, so if you are not available for a certain week, you simply don't sign up for that week.

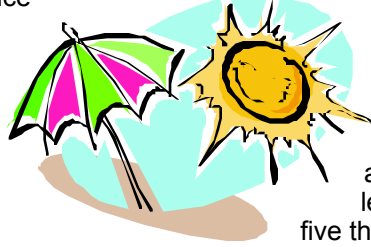

There are many benefits to continuing lessons in the summer, including studying pieces of your choice and the opportunity to add to your CD pieces. You need to discuss your summer plans with your family and your child. What is most important is that your child enjoy the piano and music, and not be forced to move ahead.

**Relaxed Snapshot Session.** The summer session at the studio is an excellent way to try out lessons for any student thinking of starting or continuing lessons. While it is recommended to try lessons for one full year to give them an accurate picture of lessons, this session is designed to give a "snapshot" of lessons at the studio. Remember, just like playing a sport, ice skating, dancing, or learning a foreign language, music takes time to develop.

**Lesson Days and Times.** Lessons are on Wednesdays from roughly 2:00 to 9:30 pm based on availability of teachers. Lessons begin May 25, and end June 15.

**Involvement in the Summer Session does not guarantee a time for the academic year schedule.** Please ask for availability when inquiring.

**Payments.** Lessons for students are \$35.00 for each 30 minute lesson, \$50 for 45 minutes, and \$70 for hour lessons, which is due when reserving times. Materials will be billed once in June. (Usually around \$15) A minimum of 3 lessons must be taken. All payments upon receipt are not refundable. CDs cost \$15 each.

**Practicing Guidelines.** Practicing is at the heart of continued success. Parents are asked to provide a specific time each day and an appropriate atmosphere for the instructions on the lesson plan. A minimum guideline is usually five thirty-minute practices per week for beginners. See the *Weekly Practice Schedule*.

**Parental Involvement.** Please be sure to read the Parental Support Page on the web for helpful ways to encourage your child. Please keep the studio informed with how lessons go each week. Parent, student, teacher communication is an important key for your child's enjoyment and success in music.
