Mini Sessions June and July 2026

REGISTRATION FORM

For New and Continuing Students.
Register soon to reserve your lesson slot.

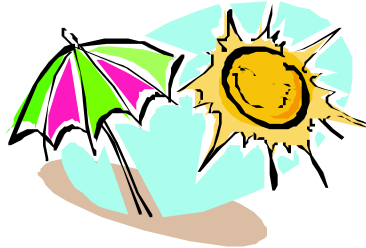

Flexible for Busy Families! For new students, our session schedule is tailored for new families to **test out lessons before the school year ends and summer begins**. You also have the option to attend both sessions for an even richer experience. Our mini-sessions at the studio are crafted with flexibility in mind, easily fitting into your family's vacation plans. This is an invaluable opportunity for any student contemplating starting or continuing their musical journey.

For Session 1, you only need to register for three out of the four lessons offered. If you can't make it for a specific week, no worries—just skip that week! For Session 2, you must register for all three lessons.

While experiencing lessons for a full year is ideal to truly grasp what we offer, this session provides a meaningful "snapshot" of the enriching lessons available at our studio. Remember, just like excelling in sports, ice skating, dancing, or learning a new language, acquiring musical skills requires dedication and time. Join us and see what we can achieve together!

For Continuing Students: Taking lessons during the summer offers numerous advantages, including the opportunity to explore pieces that spark your passion and enhance your digital recordings. It's important to have open discussions about summer plans with both your family and your child. Above all, ensure that your child enjoys playing the piano and engaging with music, while avoiding pressuring them to make progress.

Lesson Days and Times. Lessons are on Tuesdays and Wednesdays for Session 1, and Wednesdays for Session 2 from roughly 3:00 to 9:00 pm based on availability. Lessons begin May 26/27 and end July 15. **Involvement in the June and July Session does not guarantee a time for the academic year schedule.** Please ask for availability when inquiring.

Payments: Lessons for students are \$65 each for our 45 minute lessons, due at the time of registration. Materials will be billed once in June and once in July, usually around \$15. A minimum of 3 lessons must be taken each month. All payments upon receipt are non-refundable. Online recordings are \$15.

Practice Guidelines. Regular practice is essential for sustained success. Parents are encouraged to set aside a specific time each day and create an environment conducive to following the lesson plan instructions. A common guideline recommends practicing five to seven times a week, with each session lasting between fifteen and thirty minutes, depending on the student's age. Please consult with your teacher and refer to the Weekly Practice Schedule for additional guidance.

Parental Involvement: We strongly encourage you to explore the Parental Support Page on our website, where you'll find valuable suggestions to enhance your child's musical journey. It's crucial to keep the studio updated on your child's weekly progress in lessons. Remember, effective communication between parents, students, and teachers is vital for ensuring your child's enjoyment and success in music. **Join us to get started on your musical journey!**
